Manitoba ASCD Presents

Heidi Hayes Jacobs

*Schools as Launching Pads  
To the Future*

Thursday, February 16, 2012  
9:00 am - 3:30 pm

Canad Inns Destination Centre  
Club Regent Casino Hotel  
1415 Regent Avenue West, Winnipeg, Manitoba

Dr. Jacobs suggests that whatever we choose to include in our curricula will provide the preparation for learners for 5 years, 10 years, and well into their future. Heidi will share ideas and strategies to show participants how they can upgrade dated curriculum content, skills, and assessments with timely and engaging contemporary replacements. Current interdisciplinary focus areas such as sustainability, media literacy and globalization will be included.

Areas that will be featured in this presentation include the following:

- Upgrading Content: Provocations and Replacements
- Employing the New Literacies: Digital, Media, and Global
- Upgrading Assessment: Better evidence through student engagement
- New School Versions: Forms and Structures

Dr. Jacobs will also highlight promising plans emerging from the field that represent practical and creative out-of-the-box school designs for 21st Century Learners. She will address the following: new scheduling options, student grouping patterns, extended school year, technology tools to merge curriculum maps with assessment data and personnel configurations.

**Heidi Hayes Jacobs**, president of Curriculum Designers, is considered one of the world's leading experts on curriculum mapping and design, having worked extensively on her mapping model throughout North America and overseas. Her recent book, *Curriculum 21: Essential Education for a Changing World*, provoked extensive discussion about the future of schooling. She has written four additional books on curriculum mapping.
